

Collab  
away

# Collab away

Collabaway introduces a family of two products, Gemini and Lily, designed especially to encourage collaborative working within an open planned office.

Gemini presents a flexible zip on screen system boasting a pinnable finish making the screens perfect for quickly dividing work areas or setting up display stands. The zip joining system not only allows the screens to be positioned at any angle required to create the desired space, it is also quick and tool free to join.

Lily introduces soft seating designed not only for comfort but to bring style and colour into the office. Offered in a multitude of standard shapes and available as static or mobile stools. Lily is the perfect partner for Gemini to create quick meeting spaces for collaboration but can also compliment our existing Nautilus, Q.S. and Zen ranges when used in a more permanent position.

# take a seat Lily

Lily's range of soft stools are perfect for taking the weight off your feet. This fun collection offers a multitude of shapes including the iconic Lily pad design, as well as square, round and hexagon. All available as static or mobile stools to meet your requirements.

With multiple fabric textures and colours on offer, Lily is the perfect way to add some colour to the office and make break out spaces more inviting.

Furthermore, Lily also can be upgraded to offer internal storage or a charge point for phones or tablets, this way you can charge your device safely while you take a seat.

# Lily original

Lily Original is offered in two standard sizes and available with or without the fabric flower.

# break away

## Gemini

Gemini is the perfect solution for quickly dividing space. As the name suggests, Gemini is traditionally supplied as a duo, but with the flexibility to add additional screens to the run with the simplistic zip linking system, allowing you to truly define the space.

Boasting a pinnable finish alongside the flexibility to position at any angle, Gemini can create anything from a semi private meeting area to a display stand in a matter of minutes. With a variety of fabrics available and the dual tone finish of the stitched cover, Gemini can compliment any office interior.

Use alongside Lily to create the perfect Collabaway area!

# Gemini duo

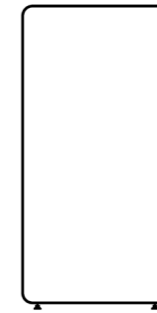

Gemini duo is a set of two pinnable screens which work as a self supported system. Position at any desired angle to create your Collabaway area.

Available in a variety of fabrics, as single or dual colour due to the stitched cover detail.

Available in four dedicated sizes as portrait or landscape.

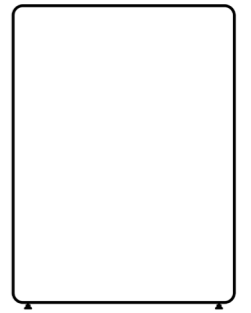

Portrait 1

Height: 1600mm  
Width: 800mm

Available as single or dual fabric finish

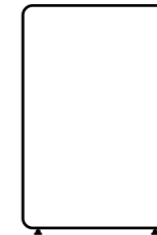

Portrait 2

Height: 1600mm
