

LUMEN | AGILE WORKING

Introducing Lumen, the perfect solution for agile working. Whether you need a solo corral, a team meeting pod, or a media unit for video conferencing, Lumen offers versatile functionality to suit any modern workspace. Designed with a sleek, contemporary aesthetic, Lumen features your choice of a pitched or flat roof and a variety of MFC finishes to complement your environment. Its glazed front with a frameless hinged door and spot manifestations ensures privacy without sacrificing light.

Equipped with 59mm thick upholstered acoustic foam clad panels, Lumen effectively reduces sound reverberation, while the deluxe-backed soft seating, integrated desking, and ambient lighting create a comfortable and productive space. Lumen combines style, functionality, and comfort to enhance any workspace, making it the ideal setting for collaboration and focus.

LUMEN | ENLIGHTEN US

Retreat into the comfort and solitude of the solo booth for private study, perfectly illuminated with focused flush mounted strip or pendant lighting PIR operated.

LUMEN | MEETING BOOTH

The traditional office environment is evolving. Bring flair and personality to your workspace with Lumen, a bright yet cosy space designed for productive touch-down collaboration. With fully customisable fabric options, you can create a stand out piece that reflects your unique style or align it with your brand colours for a seamless, integrated look.

Featuring an enclosed glazed front and an integrated MFC floor, Lumen provides a quiet sanctuary while offering a stylish, functional solution for collaboration. Choose from exterior MFC finishes like Lancaster or Halifax Oak, graphite, or white, and select from an extensive range of fabrics for the interior upholstery. Lumen is more than just a workspace, it's a tailored environment designed for modern collaboration, comfort, and style.
